2ND THEORETICAL
AND PRACTICAL COURSE
ON CO₂ LASER SURGERY
IN LARYNGEAL AND
HYPOPHARYNGEAL NEOPLASMS

2/3 November 2009

Course objectives:

The course is designed to provide the knowledge and skills necessary for the correct use of the CO₂ laser in the treatment of laryngeal and hypopharyngeal neoplasm's. The course will include lessons by renowned experts who will illustrate the basic principles, indications and various surgical techniques.

The event is divided into three parts:

- general: update of physical principles, technological development and safety regulations regarding the CO₂ laser
- practical: exercises in the laboratory using an inanimate model
- specialist: presentations on the indications for laser use in surgical oncology of the larynx and hypopharynx, and detailed study of the surgical techniques employed for individual lesions in the various anatomical sites and subsites.

The course is addressed at otorhinolaryngologists, speech therapists and nurses in ENT departments.

Fausto Chiesa and Mohssen Ansarin

Programme for physicians

Monday 2nd November 2009

- 08.15 **Registration**
- 09.00 **Course introduction**
F. Chiesa
Session Chairman: R. Puxeddu
- 09.15 **Update on laser basics, CO2 laser technology and laser safety issues**
O. Uwe
- 09.40 **Protection issues in anaesthesia**
L. Della Grazia
- 10.00 **Instruments and equipment for correct endoscopic laser surgery**
A. Cattaneo
- 10.25 **The problems of margin resection: the point of view of the pathologist**
F. Maffini
- 10.45 **Impact of the status of margins resection on disease-free survival and the preservation of the larynx in glottic cancer treated with CO2 laser**
M. Ansarin
- 11.10 **Coffee Break**
Session Chairman: G. Peretti
- 11.30 **Laser surgery of benign lesions and stenosis of the larynx**
R. Puxeddu
- 11.50 **Laser Surgery of lesions related to suspected cancer of the larynx, indications and surgical techniques**
F. Pia
- 12.20 **Pattern of spread of laryngeal cancer**
M. Lucioni
- 12.40 **The role of imaging in early laryngeal cancer**
L. Preda
- 13.00 **Speech therapy after CO2 laser surgery**
L. Monteverdi
- 13.30 **Lunch**
- 14.30 **Practical exercises: Using laser on inanimate model: In the laboratory**
Tutors: G. Peretti - M. Ansarin - R. Puxeddu - A. Cattaneo
Lessons:
- anatomy of the vocal folds and types of cordectomies.
- cordectomies on the larynx of a pig.

14.30 **Interactive Video session in Conference Room A**
Moderator: M. Lucioni

18.00 **End of session**

Tuesday 3rd November 2009

- 08.00 **Live surgery**
Surgeon: M. Ansarin
Moderator: G. Peretti
Endoscopic surgery of glottic cancer: "state of the art"
G. Peretti
- 10.30 **Coffee Break**
- 11.00 **Round table: "Open questions in endoscopic surgery of glottic cancer"**
Chairman: W. Steiner - M. Benazzo
Reports:
- Endoscopic surgery in T1b - M. Lucioni
- Endoscopic surgery in T2 - G. Peretti
- Role of neoadjuvant chemotherapy in larynx laser surgery - M. Ansarin
- Role of postoperative RT in larynx laser surgery - D. Alterio
Discussion of clinical cases
F. Pia - G. Peretti - M. Lucioni - M. Ansarin
- 13.30 **Lunch**
- 14.30 **Laser Surgery in supraglottic and hypopharynx cancer: "state of the art"**
W. Steiner
- 15.15 **Controversies in the treatment of the neck in supraglottic cancer**
G. Paludetti
- 15.45 **Coffee Break**
- 16.10 **Round table: "Open questions in endoscopic surgery of supraglottic cancer"**
Chairman: F. Pia - G. Paludetti
- Topics:
- Surgical technique: en-bloc vs. trans-tumoral
W. Steiner

- Treatment of the neck in cN0 - M. Ansarin
- Tracheostomy - G. Peretti

Clinical cases

W. Steiner - G. Peretti - M. Ansarin - G. Paludetti

18.00 **ECM and course adjourns**

Programme for nurses

- 08.00 **Laser instruments in endoscopic laser surgery (live surgery)**
C. Arnaboldi
Moderator: G. Belloni
- 10.30 **Coffee Break**
- 11.00 **Preparation of the operating room for endoscopic laser surgery**
G. Belloni
- 11.30 **Timing for the nursing aspect and the role of the instrumentalist in endoscopic laser surgery**
L. Ogliari
- 12.00 **Discussion**
G. Belloni, A. Cattaneo, C. Arnaboldi
- 13.30 **Lunch**
- 14.30 **Principles of lasers, protection issues, instrumentation and dosimetry**
A. Candiani
- 15.00 **Management of the patient in day hospital surgery**
L. Ogliari
- 15.30 **Topical anaesthesia in day hospital surgery**
D. Sances
- 16.00 **Preparation of the operating room for day hospital surgery**
A. Cattaneo
- 16.30 **Discussion**
G. Belloni, A. Cattaneo, C. Arnaboldi
- 17.00 **ECM and course adjourns**
