

Education and PHD/Masters/Courses

2004 Degree in Medicine, University of Pavia.

2003 Erasmus Project: Universidad Miguel Hernandez - Hospital General Universitario de Alicante

2008 ENT (Ear Nose Throat) Residency - Head & Neck Surgery University of Pavia.

Titles

2010 Membership "Italian Association of Head & Neck Oncology" (AIOCC).

2008 Membership "Italian Society of Otolaryngology Head & Neck Surgery" (SIO and CCF).

Clinical Activities carried out at IEO

Since 2009 he has worked in the Otolaryngology Head & Neck Surgery Department of IEO, taking part in clinical and surgical activities (oral cavity, larynx, oropharynx, thyroid, parotid and other salivary glands, neck), with particular focus on minimally-invasive surgical approach (robotic and laser) in the treatment of Head & Neck Cancer (oropharynx, larynx, parapharynx).

Research Activities carried out at IEO

Since 2010 he has taken part in the scientific board of the multidisciplinary Head & Neck program (radiotherapy, medical oncology, radiology, pathology). Actually involved in a clinical trial for the development of new minimally invasive surgical approaches (Transoral Robotic Surgery TORS - Transoral Laser Microsurgery TLM) in the treatment of laryngeal oropharyngeal cancer (early & advanced stages).

Passed Clinical and Research Activities

The previous clinical and scientific activities were carried out during the medicine degree and specialization (University of Pavia- Policlinico San Matteo)

Publications

Author and Co-author of papers published on national and international scientific journals and books chapters.

Congresses

Relator and tutor in national and international theoretical and practical meetings.

- Master in Head and Neck surgery. Milano, European Institute of Oncology, Milan (speaker on last five editions 2009-2011).
- III and IV Theory and hands-on course on CO2 laser surgery in laryngeal cancer. Milan, 2011-2013 (IEO).
- II and IV Hands on dissection advanced course: from removal to reconstruction in head and neck cancers". Paris June 2012-2014 University Rene Descartes.
- III National Meeting AIOCC, Milan 11-12 March 2013: Oncological and functional in transoral robotic surgery (TORS) in the treatment of oropharyngeal cancer in early stage (I-II).
- II-III Theory in hands-on course (live surgery) of robotic surgery in Head & Neck. Milan (IEO) 7-8 October 2013.
- IV National Meeting AIOCC, Genova 21 November 2014: Rule of robotic surgery in the treatment of oropharyngeal cancer: indications, related risk, controversial.
- Theory and Hands on course: Contouring of target volume in laryngeal cancer (AIRO): local and node's tumor spread. Rome Aprile 2015.
