

Giuseppe Testa, MD, PhD, MA

Curriculum Vitae

Date and place of birth: 19 January 1972, Naples (Italy)

Current position (since 2006): Associate Professor of Molecular Biology
Department of Oncology and Hemato-oncology
University of Milan, Italy
Director, Laboratory of Stem Cell Epigenetics
Department of Experimental Oncology
Deputy Director
Research Unit on Biomedical Humanities
European Institute of Oncology, Milan Italy

<https://www.ieo.it/en/RESEARCH/Medical-Humanities/Biomedical-Humanities/>

Previous positions

2003-2005: Visiting fellow, Berlin Institute of Advanced Studies, Berlin, Germany
Visiting fellow, Program on Science Technology and Society at the Kennedy School of Government of Harvard University (<http://sts.hks.harvard.edu/people/fellows/testa.html>)
2002-2005: Postdoctoral fellow, Max Planck Institute of Molecular Cell Biology and Dresden University of Technology, Dresden, Germany
1997-2002: PhD student, European Molecular Biology Laboratory, Heidelberg, Germany

Academic titles and appointments

1996: M.D., University of Perugia Medical School, with honors (110/110 e lode)
1997: Medical Licensing Examination
2002: PhD, European Molecular Biology Laboratory (EMBL) in cooperation with the Open University, Heidelberg
2007: MA in Health Care Ethics and Law, University of Manchester (with distinction)
2008: Appointed Distinguished International Scholar at the University of Pennsylvania (UPenn), Philadelphia
2014: Adjunct faculty at the Lieber Institute for Brain Development, (Baltimore, USA)
Associate Professor of Molecular Biology at the University of Milan by direct appointment of the Ministry of Education, University and Research

Scientific prizes:

2003: Roche Prize for "Leading Bioscientists of the Next Decade"
1997: Prize "Luigi Manara" from the University of Perugia for the medical student with the best academic curriculum.
1997: National prize "Luigi Casati" from the "Accademia dei Lincei" for the best MD thesis defended during the year 1996

1995: Prize of the Foundation "Francesco Rebucci" for students and young graduates performing research in experimental oncology

Membership in Scientific Societies:

- Society for Neuroscience (SfN)
- International Society of Stem Cell Research (ISSCR)
- Associazione di Biologia Cellulare e Differenziamento (ABCD)
- Italian Society of Biochemistry and Molecular Biology

Organization of international conferences

2015: **Giuseppe Testa** and Marco Bianchi
EPIGEN-MiChroNetwork Chromatin Seminar
'Changing Landscapes: Histone Turnover in Health and Disease'
Milan, 22 September

2014: **Giuseppe Testa**, Luca Chiapperino and Maria Damjanovicova
'EPIGENomics and Health care Policy', a joint conference of the Italian National Research Council (CNR) EPIGEN Flagship Project, along with EU consortia BLUEPRINT, DEEP and EPIGENESYS
European Institute of Oncology, 1-3 December 2014

2011: **Giuseppe Testa**, Raymond Poot and Helena Mira
'Biology of Neural Systems', a workshop of the EU Research Network EuroSyStem
European Institute of Oncology, Milan 4-6 December

Giuseppe Testa, Sheila Jasanoff and Halldor Stefansson
EMBL Summer School 'The human animal: scientific, social and moral perspectives'
EMBL, Heidelberg 1-6 August

2009: **Giuseppe Testa**, Stefano Casola and Thomas Graf
'Reprogramming cell fate: basic biology and medical perspectives'
IFOM-IEO-Campus, Milan December 9-11

2008: **Giuseppe Testa**, Sheila Jasanoff and Halldor Stefansson
EMBL Summer School 'Deconstructing and reconstructing life: from classification to design'
EMBL, Heidelberg August 25-30

2007: **Giuseppe Testa** and Christina Brandt
'Times of cloning: historical and cultural aspects of a biotechnological research field'
Max Planck Institute for the History of Science, Berlin March 1-4

2004: **Giuseppe Testa** and Giorgio Vasta
International workshop on Life Sciences and Narratives 'Embryos and plots: public lectures on science and narratives'
Holden School of creative writing and narrative studies, Turin March 22-26

2000: Co-organizer of the first International PhD symposium on Neurobiology "From Genes to Thoughts"
EMBL, Heidelberg October 20-21

Selected invited talks and communications

- 2015:** -Keynote speaker. 11th World Conference on the Future of Science “Precision Medicine: Present Challenges for Future Cures”, Venice, 17-19 September
-National Congress of the Italian Society for Cell Biology and Differentiation (ABCD), Bologna, 17-19 September
-17th International Workshop Fragile X and Other Early Onset Cognitive Disorders, Strasbourg, 27-30 September
- 2014:** -EMBO Workshop Epigenetic plasticity: Implications in neural (dys)function Braga, Portugal 22 - 25 October
- EMBO Conference Brain development and disorders La Ciotat, France 5 – 8 September
- Glioma Club 2014 National Hospital for Neurology and Neurosurgery, London 20 October
-Joint Meeting of the British Societies for Cell Biology and Developmental Biology, Warwick University, 16-19 March
-G. Armenise Harvard Foundation 15th Symposium ‘Mechanisms to Molecules’, 22-25 June
- 2013:** -Christian-Albrechts-Universität zu Kiel Symposium ‘Das Ende der Wissenschaft und darüber hinaus’ Part II, 8 November
-3rd Oxford Symposium on Epigenetic Mechanisms in Health and Disease “Neuropsychiatry and Inflammation: Epigenetic Target Discovery Beyond Oncology”, University of Oxford (UK) March 14-15
- 2012:** -Stem Cell Technologies in Functional Genomics, Lieber Institute for Brain Development, Maltz Research Laboratories, Baltimore (USA) November 26-27
-Roche-Nature Medicine Translational Neuroscience Symposium “Autism Spectrum Disorders: From Biological Understanding to Therapeutic Strategies”, Buonas (Switzerland) April 23-25
-Cold Spring Harbor Workshop on Stem Cells, July 27-August 5
- 2011:** -International Symposium on Clinical and Basic Investigation in Glioblastoma, Valencia, 23-25 June
-Keynote lecture, ‘Looking back ahead. The 10th Anniversary of the Human Genome and Its Implications for Science and Society’, University of Wien, May 17
-Meeting of the Ethics and Public Policy Committee of the International Society of Stem Cell Research (ISSCR) ‘Pathways Towards a Sustainable Ethics of Human Stem Cell Research’, Brocher Foundation, Geneve December 1-2
- 2010:** -Cold Spring Harbor Workshop on Stem Cells, July 30-August 8
- 2009:** -Guest lectures and courses as Distinguished International Professor at the University of Pennsylvania
- 2008:** -Cold Spring Harbor Workshop on Stem Cell Technologies, August 6-13

2003: -Fifth International Workshop on Advanced Genomics, Yokohama (Japan),
26-27 June

Academic honors and appointments to scientific bodies and editorial boards

- European Research Council (ERC) Consolidator Grant 2013 awardee
- Appointed to the Editorial Board of *Journal of Biological Chemistry*
- Appointed to the Editorial Board of Cell Press journal *Stem Cell Reports*
- Appointed to the Editorial Board of *Journal of Medical Ethics*
- Reviewer for the *European Research Council* (ERC), the *Medical Research Council* (MRC), the *Swiss National Science Foundation*, the *French National Research Agency* (ANR)
- Elected member of the governing Council of the Italian Society of Cell Biology and Differentiation (ABCD – Associazione di Biologia Cellulare e Differenziamento) for the 2014-2016 term
- Member of the Ethics and Public Policy Committee of the International Society for Stem Cell Research (ISSCR)
- Member of the International Affairs Committee of the International Society for Stem Cell Research (ISSCR)
- Member of the Working Group on Ethics of the International Human Epigenome Consortium (IHEC)
- Member of the Executive Committee of the Italian National Research Council (CNR) Flagship Project EPIGEN
- Chair of the Ethics Advisory Board of the EU Network MODHEP ‘Systems Biology of Liver Cancer: an Integrative Genomic-Epigenomic Approach’
- Elected to the governing Council of the International Society for the History, Philosophy and Social Studies of Biology (ISSHPSB) for the 2011-2015 term
- Appointed to the Management Committee of the European COST action ‘Bio-objects and their Boundaries: Governing Matters at the Intersection of Society, Policy and Science’ (http://www.cost.eu/domains_actions/isch/Actions/IS1001)
- Appointed to the Management Committee of the European COST action ‘Citizen’s Health through public-private Initiatives: Public health, Market and Ethical perspectives (CHIP ME)’ (http://www.cost.eu/domains_actions/isch/Actions/IS1303)
- Associate Principal Investigator of the EU Research Network EuroSyStem
- Ethics Advisor of the EU Research Networks ESTools and NeuroStemCell
- Member of the Ethics Advisory Board of the Human Genetics Foundation (HUGEF), Turin, Italy

Studies and research

2006- present

- Associate Professor of Molecular Biology at the University of Milan by direct appointment of the Ministry of Education, University and Research
- Director of the Laboratory of Stem Cell Epigenetics at the European Institute of Oncology, Milan, Italy
- Deputy Principal Investigator of the Research Unit on Biomedical Humanities
- Co-founder of the interdisciplinary PhD program on Foundations and Ethics of the Life Sciences (Folsatec) at the European School of Molecular Medicine, Milan, Italy
- Adjunct faculty at the Lieber Institute for Brain Development, (Baltimore, USA)

2002-2005

- Postdoctoral fellow at the Max Planck Institute of Molecular Cell Biology and Genetics and the Dresden University of Technology. Research theme: epigenetic regulation and genome engineering of embryonic stem cells
- Visiting fellow, Program on Science Technology and Society at the Kennedy School of Government of Harvard University (<http://sts.hks.harvard.edu/people/fellows/testa.html>)
- Visiting fellow, Berlin Institute of Advanced Studies
- Winner of the Branco Weiss Fellowship "Society in Science"
- Founder and chairman of the 'Forum on Science and Society' of the Max-Planck Institute for Molecular Cell Biology and Genetics, Dresden

1997-2002

- PhD Program in Molecular and Cellular Biology at the European Molecular Biology Laboratory (EMBL Heidelberg) in the laboratory of Dr. A. Francis Stewart. Research theme and PhD thesis title: 'Modeling leukemia in the mouse: novel strategies in genome engineering'
- European Doctorate in Biotechnology awarded by the European Association for Higher Education in Biotechnology (HEduBT) for excellence of research in the field of biotechnology

1990-1996

- Medical school at the University of Perugia (Italy), including research studentships at the Clinical Research Centre, Harrow (UK)(Hounsell Lab) and the College of Physicians and Surgeons of Columbia University (New York)(Dalla-Favera Lab)
- Medical Doctor (MD) thesis in Molecular Immunopharmacology at the University of Perugia with Prof. Carlo Riccardi.
- Graduation from the University of Perugia Medical School with the highest grade and honors (110/110 summa cum laude)
- Medical licensing examination from the University of Perugia

Languages

- Italian: mother language
 English: fluent, written and oral
 -Certificate of Proficiency in English of the University of Cambridge with the grade "A"
 -Test of English as a foreign language (TOEFL) with a score of 670/670
 German: fluent, written and oral
 Zertifikat Deutsch als Fremdesprache (ZDaF) with the grade "gut"
 French: basic

Research funds and international consortia

Recipient of several international and national research grants, including:

- Horizon2020** Consortium
 "Integrating Epidemiology and Experimental Biology to Improve Risk Assessment of Exposure to Mixtures of Endocrine Disruptive Compounds" (EDC-MixRisk)
- European Research Council** Consolidator Grant
 "Modeling Disease through Cell Reprogramming: a Translational Approach to the Pathogenesis of Syndromes Caused by Symmetrical Gene Dosage Imbalances "(DISEASEAVATARS)

- **ERANET-Neuron**
“The epigenomics of eating disorders” (FOOD FOR THOUGHT -F4T)
- **Italian Association for Cancer Research (AIRC)**
“Reprogramming and stemness in ovarian cancer: function, signatures, and clinical relevance”
- **Association for International Cancer Research**
“Functional dissection of the epigenetic basis of glioma recurrence”
- **Italian National Research Council (CNR) EPIGEN Flagship Project**
- **Regione Lombardia (Ricerca Indipendente 2012)**
- **Telethon**
